Susquenita Elementary School receives Title I funding to provide supplemental educational support to students demonstrating an academic need. ALL students are eligible to receive these additional services in both Reading and Mathematics regardless of economic situation. Even if your child does not directly work with intervention staff, he or she may work in small groups or in a classroom with additional support from time to time. We have identified ways that we can all work together to help every student reach his or her academic potential this year.

**Susquenita Elementary School will:**
- deliver appropriate instruction and a high-quality curriculum to all students
- offer academic feedback to the classroom teacher and the parents through report cards and additional information linked to assessment data
- provide opportunity for parental involvement during the Advisory Council/Activity nights held throughout the year
- arrange for parents to meet with the classroom teacher and/or intervention staff teacher during parent-teacher conferences
- allow access to teaching staff for conversations through e-mail, telephone, or in-person meetings, as needed

**Role of the Parent/Guardian**
As a parent/guardian, I agree to:
- ensure my child attends school unless there is a valid reason for absence and is prepared for a successful day at school, every day
- make every effort to spend a minimum of 30 minutes a day with my child working on reading and/or math (including homework)
- make every effort to attend Back-to-School Night, Parent Advisory Council meetings, Parent-Teacher conferences, and/or Activity Nights
- communicate with my child’s teachers so I am aware of how I can help him or her be successful at school
- promote positive use of my child’s time outside of school
